#### Wind in the Moving Pictures.

What makes the wind blow so much in the moving pictures? The question is asked by almost everyone who has been bitten by the bug of the moving-picture show. It is a fact that in every scene where three's half a chance of getting up a breeze it blows a tornado, or at the least brisk gale disperses itself in the trees in the background and the skirts of the harassed heroine in the front.

A moving-picture man solved the problem. "That's easy," he replied in answer to a query. "If the pictures were taken when the air was perfectly still, then if the living character happens to be still also the picture would be as dead looking as a thirty-five-cent chromo of 'Twilight.' So a time is selected for photographing the scenes outside when the wind is playing old hob with things generally, trees swaying, and skirts fluttering and hair flying—haven't you ever noticed how much more effective a woman is when her hair is streaming behind her like the burgee on a racing yacht? Then, too, when everything's busy moving it looks like there's something doing all around."

"Even in the indoor scenes taken in the studio we've found it better to have a little air stirring to live up the overlander and the rubber plant while the girl is lying still in death. So we install electric fans and keep the parlor foliage busy while the photographer is winding in his pictures. The fan is handier than the wandering zephyr, for you can regulate it with a switch key and make it respond to the emotions of the heroine. Yes, wind is a great thing in our business."—New York Times.

### Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one of the two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and such things relieve you for a day, but bind you up worse than ever the next day, then try a simpler and more natural remedy like Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind. J. F. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 502 Caldwell building, Monticello, Ill.

### Women's Secrets

There is one man in the United States who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not secrets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and expectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent. of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over 40 years, it is phenomenal, and entitles Dr. Pierce to the gratitude accorded him by women, as the first of specialists in the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. All replies are mailed, sealed in perfectly plain envelopes, without any printing or advertising whatever, upon them. Write without fear as without fee, to World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
